ABOUT US

Welcome to New Generation IP, a pioneering company that has been at the forefront of the telecommunications industry since its establishment in 2001. With our Centralized Command Centre (CCC) located in the vibrant East Rand region, we efficiently coordinate and oversee all national activities from our main office in Gauteng. As a Tier 1 Voice Service Provider, we pride ourselves on offering top-notch communication solutions. Our extensive network infrastructure ensures seamless connectivity, with cross connects in place and a strong presence in the three main Teraco data centres across the country. Our nationwide footprint enables us to serve clients from various industries and regions, providing them with reliable and cutting-edge voice services. At NGIP, we understand the importance of effective communication in today's fast-paced world. Therefore, we continuously strive to innovate and adapt to emerging technologies, delivering exceptional voice solutions that meet the ever-evolving needs of our clients. The size of your business is irrelevant, we have the expertise and resources to cater to your communication requirements. Our dedicated team of professionals is committed to delivering personalized and comprehensive services that enhance your connectivity, productivity, and overall business success.

We invite you to explore the world of New Generation IP and discover how our advanced services can empower your organization.
